SIR,

GTB. 14 . 54 . 62

**Subject:** Purchase of a water lorry - modified proposal to purchase a Tractor, Trailer and roller.

---

I write to state that Government in their order No. L.1974-6/I.T.B.14-54-13 dated 26-5-1954 have accorded sanction for the purchase of a water lorry through the Stores Purchase Committee at an approximate cost of Rs.15,000/- excluding sales tax and other incidental charges. Accordingly, quotations were called for through the Stores Purchase Committee (vide Enquiry No.12590) for the supply of a water lorry of the required specification and when the quotations were placed before the Board for consideration, the Board considered all aspects of the question and the purposes to which a Tractor, Trailer could be used and decided to purchase a tractor, trailer with a 3 ton roller attached to it, as the latter would serve manifold purposes instead of a water lorry which is useful for supply of water only.

I enclose herewith for kind information of Government, a copy of the office note as also the Trust Board resolution No.248 dated 28-10-1954 and request that orders of Government may kindly be communicated for the purchase of a Tractor, Trailer and 3 ton roller as per s-pecifications noted therein, at an approximate cost of Rs.18,000/- in lieu of a water lorry at a cost of Rs.15,000/- and odd, sanctioned in Government Order dated 26-5-1954 cited above. The cost on this account will be met out as already indicated in this office letter of even No. dated 10-3-1954 and approved by Government in their order dated 26-5-1954.

P.T.O.

(2)

I request the favour of very early orders of Government in the matter.

Yours faithfully,

(S.Linganna)
Chairman.

MYSORE,

*Dated* 13th November 1954.

OFFICE NOTE RE: PURCHASE OF A TRACTOR, TRAILER INSTEAD OF A WATER LORRY AND ROLLER.

---

References: T.B.R.No.399 dated 24-2-1954 approving of the purchase of one 10 ton road-roller and a water lorry with tank equipments etc.

2. G.O.No.L.1974-6/I.T.B.14-54-13 dated 26-5-54 according sanction to purchase a water lorry through the Stores Purchase Committee.

3. Letter No.L.7996 dated 1-10-1954 from the Secretary to Government, L.S.G. & Planning Departments, stating that Government see no reason to sanction the purchase of a roller.

4. Quotations received from the Secretary, Stores purchase Committee, re: purchase of a lorry.

5. Letter No.3215 dated 16-10-1954 from Messrs. Webbs Co., Bangalore, intimating the probable cost of a Tractor, Trailer and other equipments required by the Board.

---

In response to the quotations called for by the Secretary, Stores Purchase Committee, for the supply of one lorry, Messrs. Webbs Co., Bangalore, have quoted that a tractor with a trailer attachment which could be adopted for several purposes in addition to conveying water. The firm had also arranged for a demonstration of the manoeuvrability of the tractor and trailer arrangements in Mysore, where the officers of the Municipality and P.W.D. were also shown the working of the trailer. After examining the relative merits and demerits of the tractor and trailer equipment, it is considered that the tractor with trailer and other attachments would be more advantageous than an ordinary lorry with a water tank attached to it. The marginally** noted equipments are required for use in the Board works and it would be also eliminating the purchase of a separate diesel roller for the consolidation of roads. Considered from the point of advantages of the several functions for which it could be used, this would be more economical. The total cost of all the items which are required will be Rs.18,000/- which includes the probable cost of one

P.T.O.
